This invaluable knowledge enables Andrew to provide SIMPLE and INSIGHTFUL ADVICE on almost any area of business a client may choose to focus on with him. However his GREATEST ABILITY lies in offering clients almost endless REAL-LIFE ACCOUNTS of how his past 300 Clients have overcome the same challenges and achieved the same goals as they are looking for in their business. In fact Andrew believes that this unique ability is a major contributing factor in achieving the type of results his clients talk about in their [Client Testimonials](#).

Andrew's APPROACH to BUSINESS COACHING...

Andrew also offers a different approach to the "KICK in the PANTS" style of coaching employed by some. Andrew offers an enjoyable approach to Business Improvement which includes spending time to educate his clients and gain a NEW FOUND PERSPECTIVE on their BUSINESS along with clearer PRIORITIES for the future. By doing so they learn how to "MOTIVATE FROM WITHIN" rather than needing to be pushed into action, and when this approach is combined with a simple ACTION PLAN for the future, his clients make speedy progress and develop a whole range of skills designed to serve them well for the rest of their lives!
